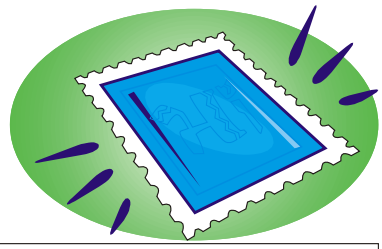
Give someone else a joyous hart, send a card, send a postcard !



...and say Hi !

Send postcards to

title name surname	
address line 1	
address line 2	
address line 3	
address line 4	
address line 5	
country	

Share your joy in travelling the globe with friends, family and elderly people !

Air Land Sea

Words in writing are treasured for much longer than a phone call !

Introduce another country to someone by picturesque postcards and stamps, even airmail letters !

Chances are you will find your beautiful postcard on a wall or door or maybe even glued in a book !

Write in the recipient's name and address details and in the square blocks write the code or number from the back of the postcard, so that you do not send the same card to the same person.
